Sponsorship packages for the 4th National Meeting of the Swedish Chemical Society in Uppsala, Sweden, June 15-17, 2027

The organizers cordially invite you as sponsor at the 4th National meeting of the Swedish Chemical Society 2027, 15-17 June at the Swedish University of Agricultural Sciences (SLU) in Uppsala. We offer an attractive scientific program covering the broad range of disciplines of the chemistry community.

The 4th National meeting of the Swedish Chemical Society 2027 (SCS) will be organized by chemistry researchers of diverse chemistry disciplines from Uppsala University and the Swedish University of Agricultural Sciences with a long history and longstanding traditions in Chemical Research and Innovation. Uppsala offers an ideal location for participants from across Sweden with excellent train connections. Sweden's biggest airport (Arlanda) is less than 30 minutes away and can be accessed through a fast rail connection for international visitors. The meeting will start with a morning session on Tuesday, June 15th 2027, and will end with a public lecture in the evening of Thursday, June 17th 2027. The conference will include an exciting social programme including a conference dinner. The scientific programme is being prepared and will soon be available on https://scs2027.se/.

At the conference, the latest breakthroughs in chemistry research will be presented. Oral presentations by invited renowned international and national scientists and interactive poster sessions will be the highlights of the conference. Based on the attendance from previous years, we anticipate that the conference will attract a high proportion of senior scientists from Sweden, with top level purchasing authority. We expect ~350 participants. In 2022, the SCS2022 meeting was held in Linköping with around 450 participants and in 2025, the SCS2025 in Västerås had 350 participants. By taking advantage of the sponsorship packages available, you will have the opportunity to position your brand and product at the forefront of the chemical community.

Jeremy K. Nicholson (Imperial College London, UK), Oliver Wenger (University of Basel, Switzerland), Jennifer Lewis (Harvard University, USA) Marisa Kozolowski (University of Pennsylvania, USA) and Debbie Crans (Colorado State University, USA) are among the invited international speakers, who already have confirmed their participation.

We are hoping that you wish to support us to create a productive environment and therefore attach a list of sponsor packages allowing for various possibilities to marketing of your company. It would help us to keep registration costs down, which allows more of our younger scientists to attend.

We are looking forward to working with you and welcoming you in Uppsala!

Your Sincerely,
The local organizing committee of the 4th National Meeting of the SCS
